Dear Residents,

The District Board and staff would like to express a big thank you to all those that participated in the first phase of our District-wide Master Plan. Through the two public workshops and numerous focus group meetings, much input was gathered. Orangevale area community leaders, youth organizations, partners, and residents met to share their thoughts about park and recreation services in Orangevale ---what they liked, areas they thought could be improved, and what programs and facilities they would like to see provided in the future.

The next phase of the master plan is a community survey. Many of you will receive the survey in the mail within the next few weeks. Your input will help us determine parks, greenways, open space, and recreation priorities for the next 10 years. Our request is similar to the census – don't delay, be counted today. Maybe not quite their message but we do want to hear from you and be able to plan for the future based on what the community wants to see.

The full draft master plan will be completed early in the fall. Meetings will be scheduled to share what we have learned. If you would like a personal invitation to the meetings, contact us. If you would like to provide any additional input, it is not too late. Visit our website at www.ovparks.com, click on the Master Plan tab, and email us your comments.

Please keep us in mind as you plan your summer activities. Enjoy our "Rec'ing Crew" day camp, take a swim lesson, join the swim team, participate in a class, or take pleasure in a leisurely walk in a park. Have a great summer!

Recreationally Yours,

Greg Foell

District Administrator
