Orangevale Recreation & Park District
New Board Director Appointment Process

1) PROCESS: The Board will review and officially adopt this Appointment Process.

2) INTERVIEWS: The Chair will randomly draw names to determine the order for Candidates to be considered. Each applicant will participate in the consideration process as follows:
    a. The applicant will have 5 minutes to address the Board and explain why they are interested and qualified to represent OVparks as Director of our Board of Directors.
    b. The Board may ask clarifying questions of the applicant.
    c. The Board will ask six (6) interview questions, and the applicant will respond.
    d. The applicant will be given the opportunity to ask questions of the Board and District staff.
3) RANKING: Once every application has been considered, the candidate selection will take place as follows:
    a. Each board member participates in the interview process and then ranks the candidates in order of preference.
    b. Fixed Rank points are then awarded as follows: 1 point is awarded for each top ranking, 2 for each second ranking, 3 for each third ranking.
4) NOMINATION & APPOINTMENT:
    a. If any candidate has a majority of Board members ranking them first, there is a **motion to appoint them**. If that passes, they are appointed – if there is no clear majority or the appointment motion does not pass, then (b)
    b. The Board is then presented with the points total from the ranking and they may consider the candidate with the lowest number of points, with a **motion to appoint them.**
    c. If there is a tie in ranking or the appointment motion does not pass, the Chair may lead discussion and take open nominations through a **motion for appointment.**
    d. If NO candidate is appointed through this process, the Chair may either call for a second Special Meeting, or defer the appointment to the Sacramento County Board of Supervisors.

<u>Nomination Motion:</u>

LETTER OF INTEREST

Orangevale Recreation and Parks District,

I am writing to express my interest in the position of board member that your organization is currently offering. As a retired professional individual with almost a decade of experience in oversight of policies, budgetary, and public maintenance. I believe that my skills, knowledge, and enthusiasm can make me a perfect candidate for this opportunity.

Biography

I am a respected figure in the transportation railroad industry, with a career characterized by dedication, technical prowess, and strategic leadership. My professional journey is marked by a series of progressive roles at Sacramento Regional Transit District (SacRT), culminating in my retirement as the Director of Light Rail Maintenance Operations. Throughout my tenure at SacRT, I have been instrumental in steering the organization towards operational excellence, ensuring compliance with regulations and maintaining high standards of safety and reliability in rail transportation. My expertise spans across various facets of rail vehicles, bridges, rail and track maintenance, traction power, train control. Including contract management, budgetary management, vehicle procurement, engineering design and management, and transportation planning. I have been recognized for my strong operations acumen and have a proven track record of optimizing performance and fostering collaborative work environments. With an associate's degree in electrical and Electronics Engineering from ITT Technical Institute-Rancho Cordova, I have grounded practical experience with a solid educational foundation.

Prior to my directorial position at SacRT, I served as Maintenance Superintendent - Wayside, Union Pacific Railroad – Train Control, technical roles at Southern Pacific Railroad – Train Control, and Apple Computer Inc - Service.

Sincerely,

Michael Cormiae

☐ Letters of Recommendation (up to 2) - OPTIONAL

Dear Members of the Orangevale Recreation & Park District Board of Directors,

I am writing to express my interest in serving on the Orangevale Recreation & Park District Board of Directors. My family and I have lived in Orangevale for the past ten years, and we have been fortunate to experience OVparks as an active part of our children's lives for nearly as long.

Our family has participated in a wide range of OVparks programs and activities over the years, including Kids Corner Preschool, toddler ballet, karate, swim lessons, basketball, Parents Night Out, Rec'ing Crew, camps, pickleball, and Junior Giants. We have attended community events such as Fright Night, the Christmas Tree Lighting, and district open houses, used the parks and trails, and had the opportunity to coach Junior Giants from its first year in Orangevale. OVparks has been much more than a place to take our kids; it has been an important part of our family's experience of living in Orangevale.

That experience is a large part of why I am interested in serving.

We have seen some great staff and some great programs come and go over the years. As our children have gotten older, we have also found ourselves looking outside of OVparks for camps, sports, and other activities. Sometimes the program simply isn't offered, while in other cases we have found comparable opportunities through neighboring recreation districts or private organizations that are significantly less expensive. As a family, we want to support our local recreation district, but we also have to make decisions based on what meets our family's needs and makes sense for our resources.

Rather than simply continuing to look elsewhere when something isn't available or doesn't work for our family, I would like to help provide the perspective of a resident family that has been deeply involved with OVparks and wants to see it succeed. I believe there is an opportunity to better understand what residents need, adapt programs as those needs change, and make OVparks a place where residents of all ages can confidently find the recreation opportunities they are looking for.

Orangevale is changing, and I believe OVparks has an important role in adapting with it. Over the next several years, the District will need to continue recognizing changes in the age, interests, and needs of the community. That includes continuing to provide meaningful opportunities for children and families while also considering the growing 55+ population and the changing role of recreation as Pre-K and transitional kindergarten become more integrated into the formal school system. Staying connected to those changes and regularly evaluating whether programs continue to meet community needs will be important to the District's long-term success.

Professionally, I believe I can bring a complementary perspective to the Board. I am a Physician Assistant and have spent much of my career in leadership, operations, education, and organizational development. I currently serve as Chief Learning Officer and Senior Vice President of Operations for PA Surgical Assist, where I am involved in the operational management of approximately 45 people. I am also President of my own local

small business, Allied PA Consultants, where I have direct responsibility for budgeting, payroll, bookkeeping, and business operations.

I have also served for more than five years on the California Academy of Physician Associates Continuing Medical Education Committee and Political Action Committee, and have worked closely with CAPA leadership and staff on the continued growth and needs of the organization. These experiences have taught me the importance of balancing the needs and priorities of an organization and its members with fiscal and fiduciary responsibility. I have experience balancing operational budgets, staffing needs, organizational priorities, and opportunities for expansion while keeping the long-term financial health of the organization in mind. I believe that perspective would be particularly valuable in a public agency entrusted with community resources.

My professional experience has also reinforced the importance of having the right people in the right roles and supporting them well. I have seen firsthand how staff retention, recruitment, education, communication, and organizational support directly affect the quality of the service an organization provides. I believe that principle applies equally to OVparks. Quality programs depend on capable, engaged staff who have the support and resources necessary to provide a consistently positive experience for residents.

I also understand that serving on a Board is different from running the day-to-day operations of an organization. Good governance requires listening to residents, working collaboratively with fellow Board members and staff, establishing thoughtful policy, asking difficult questions when necessary, and ultimately making decisions that serve the broader community rather than any one individual or interest.

If appointed, I would be particularly interested in helping OVparks continue to adapt to the changing needs of Orangevale. Programs that may be experiencing declining participation should be evaluated to understand why and, where appropriate, refreshed or redesigned rather than simply allowed to fade away. At the same time, I would like to explore opportunities to expand sports and recreational offerings so that residents can more often say, "OVparks does that," rather than having to look elsewhere.

I also believe adaptability needs to be balanced with financial sustainability. Maintaining competitive pricing, supporting quality staff, and developing new programs all have costs. I would like to help find the balance between meeting community needs and maintaining the fiscal stability necessary to provide reliable programs over the long term. In my experience, consistency builds trust. If residents know that a program will be there and that the District is committed to making thoughtful decisions about its continuation, they are more likely to invest in that program and in OVparks itself.

There are also opportunities to strengthen OVparks' connection with the broader Orangevale community. Partnerships with local nonprofits, schools, the library, food banks, and locally owned businesses could help extend the District's reach and create additional resources and opportunities for residents without requiring OVparks to develop

every program or service independently. I believe there is value in building a stronger network of organizations that share an interest in making Orangevale a better place to live.

One of the things I particularly appreciate about OVparks is its investment in teenagers and young adults. Programs that give young people meaningful leadership responsibilities provide much more than recreation. They help young people develop confidence, accountability, teamwork, and experience that can benefit them in college and future employment. I believe that is an important strength of the District that should continue to be supported and developed.

Ultimately, I am interested in serving because my family has developed a genuine connection to OVparks, and I believe the District has tremendous potential. I would bring the perspective of a long-time resident and parent who has actually used its programs, along with the operational, leadership, fiscal, and organizational experience I have developed professionally. Most importantly, I would bring a willingness to listen to residents, work collaboratively with staff and fellow Board members, and help OVparks adapt thoughtfully to the changing needs of the community while remaining fiscally responsible.

Thank you for considering my application and my interest in serving the residents of Orangevale.

Sincerely,

Jason Fisher-Beck, MHS, PA-C

Application for Appointment to the Orangevale Recreation & Park District Board of Directors

Deadline for Submission: Must be received by Friday, October 30, 2026, at 10:00am

Thank you for your interest in serving the residents of Orangevale as a member of the Orangevale Recreation & Park District Board of Directors. This application is intended to assist the Board of Directors in evaluating candidates for appointment to a vacant Board seat pursuant to California Government Code Section 1780. The selected appointee will serve, through the November 2028 General Election.

The Board is seeking applicants who demonstrate a commitment to public service, an interest in parks and recreation, the ability to work collaboratively with fellow Board members and staff, and a desire to serve the residents of the Orangevale Recreation & Park District.

The Board of Directors is responsible for establishing policies for the operation of the Orangevale Recreation & Park District. The Board of Directors hires a District Administrator to oversee the implementation of District policies and the operations of the District and its employees. Each member of the Board of Directors may be appointed to serve on committees as determined by the Chair of the Board.

Are you legally eligible to hold public office under California law? **Yes** ☑ **No** ☐

PRIOR PUBLIC SERVICE:

Have you served on a public board, commission, committee, elected office, or community advisory body?

Yes ☐ **No** ☑

- If yes, please list all instances of public service including organization, role, and dates of service.

COMMUNITY INVOLVEMENT:

Please describe your involvement with Orangevale community and civic organizations including volunteer activity, schools, youth programs, business organizations, and other public service.

Our family attends numorous events through the OV parks from fright night, tree lighting, polar punge, open house, recing crew, camps, basketball, ballet, karate, soccer, tennis, and the list goes on. We try to attend as many events and programs as possible to help support the OV parks and even promote them through social media. I have coached Jr Giants since the begining in one way or another either helping out newer coaches or being the actual coach when other parent would not. I like to volenteer when there is a need and whenever I am asked to do so. I have also volenteered for many year through the Kids Korner pre school and provided supplies to the small pre school when needed. I have volenteered weekly when there was a demand at the local school for reading programs and any events.

Please describe your involvement with community and civic organizations outside of Orangevale, including volunteer activity, schools, youth programs, business organizations, and other public service.

Our family tries to stay OV based but because our needs have become limited in OV I have volenteered in Rancho and Fair Oaks sports organizations in anyway that our children have been apart of. I was also employed by the Fair Oaks park and tried my best to improve and shape the community however I could. Even at a younger age I volenteered in Girl Scouts reciving my Silver award. Was a very active member in FFA reciving my State Award. I also volenteered at many community out reach programs throughout West Virginia.

QUALIFICATIONS AND EXPERIENCE:

Please describe the knowledge, skills, and experience that you would bring to the Orangevale Recreation and Park District Board of Directors.

I have always been an active member in the OV parks attending the many events they provide. I understand parents and community frustration and have even voiced them at times with always the strive to better the OV park by finding a solution to the problem. I know the importance the OV park is to our community and only want it to succeed. I also, having worked for the Fair Oaks park understand the behind the sceens progress that must be completed for a park to succeed. I only want the community and OV parks to be the best it can be,

STATEMENT OF INTEREST:

Why are you interested in serving on the Orangevale Recreation & Park District Board of Directors?

I want there to be positive changes in areas the OV parks is lacking. I want a strong voice to speak about issues that actual parents are having and a voice for the community. I want there to be strength and willingness for change if change is necessary. I also want the positives of the OV park to continue and only become better for future generations.

DISTRICT PRIORITES:

What do you believe are the most important priorities facing the Orangevale Recreation & Park District over the next five years?

I believe funding is the biggest priority. Without funding much of the events and goals of the OV park can not happen. I also believe there is an organizational problem with the OV parks After attending many events and rec activities throughout the years I have witnessed a decline in the organizational aspect and that leads to less and less comunity members showing up. I also do not feel like the community fully supports OV parks as much as they should. There have been some really amazing events and programs OV parks does or have done in the past and the community support was not there.

POTENTIAL CONFLICTS OF INTEREST:

Do you currently have any business, contractual, financial, employment, or organizational relationships with the Orangevale Recreation & Park District that could create a conflict of interest or require disclosure under California law? *Yes* ☐ *No* ☑

- If yes, please explain. Note: disclosure does not automatically disqualify an application, but it allows the District to evaluate potential conflicts appropriately.

Do you have any personal or professional relationships with current employees and/or Board Directors that may compromise, or appear to compromise, your objectivity in performing the role of a Board Director?

Yes ☐ **No** ☑

- If yes, please explain. *Note: disclosure does not automatically disqualify an application, but it allows the District to evaluate potential conflicts appropriately.*

ACKNOWLEDGEMENT:

I understand that, if appointed, I will be required to file required conflict-of-interest disclosures, complete a criminal background check through the Livescan process of the Department of Justice, and comply with all mandated trainings including ethics, harassment prevention, and financial training.

Name Signature Date 10/29/26

I understand that appointment to the Board of Directors is a public process and the materials submitted to the District are subject to disclosure under the California Public Records Act, unless exempt by law.

Name Signature Date 10/29/26

I understand the in-person interviews for this appointment will be held the week of November 16th at the Orangevale Recreation & Park District's District O ice, 6826 Hazel Ave.

Name Signature Date 10/29/26

I certify that the information provided in this application is true and complete to the best of my knowledge.

To whom it may concern,
I am writing this letter of interest for the open position of the Board of Directors. I would like to fulfill this position with my knowledge as a parent having been a part of most of the events and organizations the OV parks has offered. I think the OV parks and rec is an important commodity to the community and with my help I believe it can only get better for future generations to come.

I want to be a voice to the parents that may currently have frustrations with the OV parks and find solutions to those issues. I want to help in making already fantastic programs continue to thrive in our community and continue to grow. I want to give fresh ideas and new perspectives to future projects so that generations from now Orangevale parks are remembered for fantastic memories and thrive in a community that supports them. I want to be a part of a great team of people with the goal of having the best park and rec system in Sacramento County.

Thank you for your time,
Renee' Fisher-Beck

STAFF REPORT

DATE: 11-16-26

TO: Board of Directors

FROM: Becky Herz, District Administrator

SUBJECT: REVIEW AND APPROVAL OF ART DESIGN FOR THE YOUTH CENTER PARK MURAL

RECOMMENDATION

Review and provide feedback on the design for a mural, to be installed on the ballpark-facing side of the storage building at Youth Center Park.

BACKGROUND

At the April 16, 2026, Board of Directors meeting, the Board encouraged staff to consider partnering with the Orangevale Fair Oaks Arts once their 501(c)3 status was in place.

OVFO Arts now has full non-profit status, and is ready to collaborate with the District on projects that promote local art and artists. In conjunction with the new Youth Center Playground Project, OVFO Arts would like to partner with the District to enhance the damaged portion of the storage building by repairing the plaster and installing a mural.

OVFO will provide 2-3 designs by local artist(s) for review. The Board is being asked to provide feedback on the art, and approval of the overall plan.

FINANCIAL IMPACT

The cost of the project has already been incorporated in the 26/27 Budget and is set to be part of the Youth Center improvements supported through the General Fund. The specific price will vary based on scope and design.

RECOMMENDED MOTION:

I move that we approve design _____, and direct the District Administrator to proceed with partnering with OVFO Arts to complete the repairs and mural on the Youth Center Park storage building.
